does this seem like patient profiling and would it be worth pursuing legally?

"no." "no." "okay, then; now ask yourselves this: do you think there's one fan out there who's not wondering
the same thing?" "if there's someone who isn't, i'd be surprised" cliff replied

vaginal warts require treatment as they are highly contagious

even rivera said so: i think that he did the right thing, announcing his retirement and pitching in front of his
fans

cupcake tower that greets you at the door, but it does increase the odds that you'll walk through

i carry a ton of lipglosses around with me in the summer and add lipstick in the fallwinter
